

SHORT FILM AND LEARNING TOOLKIT FOR STUDENTS

ALEXANDRA LEMAY. The Dog Ate My Homework

Reserve your toolkit
(available in English
or French) now!
It's free!

VOX is offering elementary schools
an animated short film and a learning
toolkit containing thought starters
and activities focusing on the different
uses that we make of screens.

LEVELS

Cycles 1, 2 and 3

BROAD AREAS OF LEARNING ADDRESSED

Media literacy
Health and wellness

TARGETED AREAS OF LEARNING

- Social studies: Developing critical thinking and constructing one's representation of space, time and society in today's world.
- Visual arts: Appreciating works of art and traditional artistic objects (animation films), media images, personal productions and those of classmates.
- Ethics: Asking questions about oneself and one's relationships with others in a digital environment.

PRACTICAL INFO

In-class activity
Duration: 60 to 75 minutes
Cost: FREE

Starting in Fall 2023, VOX invites children aged 6 to 12 to explore the playful world of animator **Alexandra Lemay** with a stop motion short film created especially for them!

We've all had to make excuses for having spent way too much time looking at stuff online, right? Young Charlie, though eager to get her homework done, has no choice but to resort to that strategy after being led on a journey through the labyrinth of the Web by a strange wiener dog.

Whether at home or at school, whether the goal is entertainment or learning, there are more and more screens in our day-to-day. In **The Dog Ate My Homework**, Alexandra Lemay takes a humorous look at screen addiction and its effects on young people's concentration. Through the character of Charlie, children are encouraged to think about the length of their screen time and the ways they use online content. A complementary learning activity will introduce students to the workings of the algorithms behind so-called recommender systems, which feed on our "clicks" to suggest even more content for us to consume.

Alexandra Lemay. The Dog Ate My Homework, 2023.
